## STATICH: April newsletter

Dear STATICH collaborators,

### 13 patients included

Congratulations to **Ålesund Hospital**, **St.Olav's Hospital**, and **Bærum Hospital** in Norway for including their first participants into STATICH! **13 patients** are now enrolled: 9 patients in the Anticoagulant part of the study (patients with atrial fibrillation) and 4 in the Antiplatelet part (patients with vascular disease).

### Collaborators' meeting during ESOC

There has been a slight change of time for the STATICH collaborators' meeting during ESOC in Milan. The time and place will be: **Thursday May 23<sup>rd</sup> at 14.30-15.30, Meeting Room Suite 3, level 2 in the MiCo Congress Centre**. Light refreshments will be served. Please reply to: [k.t.larsen@medisin.uio.no](mailto:k.t.larsen@medisin.uio.no) if you are planning to attend. Our meeting will take place after the release of the RESTART results. We look forward to discussing the results with you, and the implications for STATICH!

### Informal meeting and poster presentation at Stroke Forum in Aarhus

STATICH will present a poster at the Stroke Forum 2019 conference in Aarhus on May 2<sup>nd</sup>. We hope to be able to have an **informal meeting** with Danish collaborators during the first half of the lunch break, and will present the **poster** during the second half. Please reply to: [k.t.larsen@medisin.uio.no](mailto:k.t.larsen@medisin.uio.no) if you will attend the informal meeting.

### STATICH randomisation system

If you need access to the STATICH randomisation system, but have not received it, please send an email to [k.t.larsen@medisin.uio.no](mailto:k.t.larsen@medisin.uio.no). You will then receive an email with a link to set up your user account. Please note that the link expires after 24 hours for security reasons.

We are thankful for our collaborators' participation and valuable dedication to look for and include patients into STATICH!

Best wishes,
